Dear Participants,

Thank you for registering for **ALL-IN ANNIFE5T Week**. Here we attached the Zoom link for **tomorrow's event at 9 AM**

**Topic: ALL-IN ANNIFE5T (17 April 2021)**

Time: Apr 17, 2021 09:00 AM Jakarta

**Join Zoom Meeting**

<https://us02web.zoom.us/j/87915147749?pwd=RXRY2MUF5MWNwMkFNTDZnN1dDTVRsdz09>

**Meeting ID: 879 1514 7749**

**Passcode: 123**

And kindly check the rundown attached for your reference.

We also want to inform you some of our programs as below:

**1. Admission Mentoring**

We offer personalized 1-on-1 admissions consulting service that will serve as an academic walk-through for students to get accepted at their dream universities and find best fit major.

## 2. **PassionXplorer Lite Computer Science**

For students who want to delve deeper into their interest in Computer Science, get equipped with the advanced knowledge and practice of Computer Science in PassionXplorer Lite.

In this intensive program, students will create field-related projects and discover a wider scope of careers in the industries through career-coaching with the experts.

For grade: 9-12

Save the date:

- Computer Science: April 24th – 25th

For further info & registration: 0818 0808 1363 / 0878 6081 1413

---

## 3. **AI-Based Interest Exploration – JuniorXplorer: Stage 2**

JuniorXplorer is a one-week interest exploration program where students can experience hands-on workshops in the field of Computer Science, Business, and Design and implement the knowledge into their own AI-based project.

Program benefits:

- Explore and integrate different fields through **mix-and-matching hands-on workshops**
- Apply the new skills and knowledge **by building an AI project**
- **Get mentored throughout the program** until student's AI project launches

For grade: 6-9

Save the date:

- 21 June – 26 June 2021
- 5 July – 10 July 2021

For further info & registration: 0818 0808 1363 / 0878 6081 1413

---

## 4. **PassionXplorer: Work Experience Program**

PassionXplorer is a work experience program in the field of Computational Science, Life Science, and Business, where students can explore their passion through engaging and solving real corporate issues.

Program benefits:

- Dive into the actual working environment by engaging and solving real corporate issues
- Get equipped through workshops and talks by professionals from multiple backgrounds
- Implement newly gained knowledge to student's solution-oriented project
- Gain relevant work experience to navigate through student's university application
